2. Requests for proposals are to be submitted by the Buyer via e-mail to offer@orimat.eu or by contact form accessible at: <http://orimat.eu/en/>.
3. In the request for proposal the Buyer indicates:

- a) data of the entity (Buyer) on whose behalf he/she is acting, including: company name, address, Tax ID (VAT EU), depending on the type of business,
- b) goods it wishes to buy and their quantity, measurements, parameters or other technical specification necessary for their identification,
- c) an order for the Transport Service by the Seller on its behalf,
- d) detailed delivery address.

4. Person responsible at Orimat confirms receiving the Request for Proposal electronically, informs about the availability of the products and provides the Buyer with information regarding the total price of ordered Goods and the price of Transport service with a projected date of delivery.

5. After processing the details of the Request for Proposal, Orimat sends via e-mail the Offer to the Buyer, which it can accept or reject.

6. The Offer sent to the Buyer in the manner determined in clause 5 constitutes an invitation to conclude a contract.

7. If the Buyer accepts the Offer within the time limit referred to in the Offer, Orimat sends the Order document via e-mail. When the Buyer sends a scan of the document "Order" with the signature of an authorised person and the Buyer's company stamp via e-mail to the Seller and upon acknowledgement of receipt by Orimat via e-mail, the Contract is considered concluded and binding on both parties.

8. Resignation from the Order may take place within 24 hours from the moment of the Order confirmation in accordance to clause 7 of this section.

9. Bearing in mind the content of clause 7, the risk and consequences of signing the Order by an unauthorized person shall be fully charged to the Buyer, and the parties agree that each person who signs the Order is entitled to sign the above-mentioned document.

10. By ordering a Transport service via the Seller, the Buyer may change the delivery address in the destination country. If the delivery address is changed by the Buyer not later than 72 hours before the planned delivery, the Transport Service costs and the delivery date may change. The Seller is obliged to immediately inform the Buyer about the new costs of the Transport Service and the date of delivery.

§ 4 Terms of delivery and collection of the goods

1. Orimat undertakes to perform the Transport Service of the Goods (as defined in §2 g), as requested and to the delivery address specified by the Seller. Orimat defines the type (size) of the means of transport for the Order. The Buyer is obliged to immediately confirm, via e-mail sent to Orimat, that the place designated for the delivery is adequately prepared to receive and handle the means of transport referred to in the previous sentence.

2. The cost of delivery shall be borne entirely by the Buyer. The cost of delivery will be added to the sale price.

3. The Parties agree that the ownership of the Goods passes to the Buyer when the Goods are transferred from the Seller's warehouse, unless otherwise stated in the Order document. The delivery of the goods is deemed to have been completed when the Goods have been transferred, as defined in the Act of 11 March 2004 on Goods and Services Tax.

4. The unloading of the Goods at the destination place must be organized by the Buyer at his own expense. Unloading should be carried out promptly, however not later than within 4 hours from the delivery of the Goods.

5. The costs of delay in carrying out the unloading shall be borne entirely by the Buyer, thus increasing the price of the Goods.

6. The Buyer is obliged to guarantee the collection of the goods, whereby the Goods shall be inspected in terms of quantity and quality and the relevant CMR document shall be signed upon collection of the goods by a person authorized to do so.

7. Bearing in mind the content of clause 1, the Buyer shall be liable for any risk and consequences if the Goods are collected and the CMR documents are signed by an unauthorized person, and the parties agree that each person who accepts the goods in the place indicated as the place of delivery is entitled to collect the goods and sign the above

document. Transfer of the Goods to such person by the Seller is considered to be a correct implementation of the contract by Orimat to the Buyer.

8. If as a result of an obstacle not attributable to Orimat (e.g. natural disaster, difficult weather conditions, strikes, closure of the Orimat Producer's company, traffic disturbances, traffic accidents, power outages), the order performance is seriously hampered, or temporally impossible, the lead time does not start, or the initiated lead time is suspended for the duration of the obstacle.

9. The Seller shall immediately notify the Buyer by e-mail about the occurrence of an obstacle referred to in clause 8.

10. After the Goods have been delivered to the place of unloading, the Buyer (or a person authorized by the Buyer in accordance with clause 6) confirms the quantity and quality of the Goods declared in the Delivery Note.

11. Immediately after unloading the Goods, the Buyer will receive, as an e-mail attachment, a VAT invoice and Specification, and the Buyer assumes that this form means effective delivery of the VAT invoice and Specification. The Buyer thus accepts the use of electronic invoices.

12. The Buyer is required to provide immediately one copy of the signed VAT invoice and one copy of the signed Specification to the ORIMAT correspondence address:

ORIMAT sp. z o.o.
ul. Mochnackiego 25/4
35-016 Rzeszów
Polska
www.orimat.eu

13. If the Buyer does not collect the Goods at the place of unloading, the Seller will deliver the Goods to a warehouse of its choice. The Buyer remains obliged to pay for the Goods along with transport costs in accordance to terms of contract and GCC as if the delivery / collection of the Goods has taken place and additionally is obliged to:

a) Collect at his own expense the Goods from the warehouse indicated by the Seller within 7 days from the day when the Goods were to be picked up or from the date of ineffective delivery or the Buyer may ask the Seller to perform the Transport service again on his behalf, with a reservation that the Buyer bears the costs of the new Transport Service, and

b) The Buyer shall pay the Seller a remuneration for storing the Goods for every day of such storage starting from the eighth day.

14. The storage of the Goods referred to in clause 13b) takes place at the expense and risk of the Buyer.

15. In the event of a delay in collecting the Goods, the Seller may also sell the Goods to the Buyer's account. Before making the sale, the Seller shall give the Buyer an additional deadline to collect the Goods, unless it is not possible, or the item is not at risk of deterioration or other damage. The Seller shall immediately notify the Buyer about the sale.

16. The Seller is not obliged to store the Goods for more than one month from the agreed date of receipt or delivery of the Goods.

17. The Seller is not liable for the risk of deterioration of the technical condition of the Goods during storage and after its completion.

18. Individual terms of a trade contract may specify other terms of delivery of the Goods. In this case, contractual provisions should be used.

§5 The Seller's responsibility under warranty

1. The Seller is not liable under the warranty for physical and legal defects.

2. The Seller does not handle the assembly of Goods sold and does not provide technical advice regarding their use; hence the Seller is not responsible whether the Buyer has selected the Goods correctly as well as whether they are used correctly.

3. The transfer of ownership of the Goods to the Buyer takes place once the Goods have been issued from the Seller's warehouse. From then on, the Buyer shall be responsible for any benefits and burdens related to the Goods as well as the risk of their accidental loss or damage.

4. The Buyer may check the quality of the Goods by ordering samples of products before concluding a contract with Orimat. However, the sample of the Goods may not fully reflect the quality of the product, because it does not constitute a full-sized batch of the Goods.
5. Specific provisions of the trade contract may define Orimat's warranty liability in a different manner. In this case, the contractual provisions shall apply.

§ 6 Complaint procedure

1. In view of the exclusion of the Seller's warranty liability for physical and legal defects of the Goods, the Seller may accept the Buyer's complaint made only in accordance with the procedure and the terms described in this section.
2. The Seller may accept the complaint provided that the complaint jointly meets the following requirements:
 - a. it shall be made in writing under pain of nullity,
 - b. it shall be drawn up in the presence of a person empowered by the Buyer at the time or on the day when the Goods were to be collected,
 - c. it shall be delivered to the Seller by mail to the address:
Orimat sp. z o.o.,
ul. Mochneckiego 25/4, 35-016 Rzeszów,
within 7 days from the date of receipt or from the date of delivery of the Goods,
 - d. it shall precisely define which products are claimed and their quantity,
 - e. it shall include a description of the defect,
 - f. the products, subject to the complaint, shall be returned by the Buyer at the Seller's explicit request made within 5 days from the date the Goods have been collected, to the address indicated by the Seller within 7 days after receiving the above request. These provisions regarding the delivery of the Goods do not concern quantitative complaints (indicating a shortage in delivery).
3. The complaint protocol template can be found at: www.orimat.eu
4. If the Seller confirms the information presented in the complaint, the Seller may accept the complaint by supplementing or replacing the Goods, and when this is impossible, by reducing the price for the missing or faulty products.
5. The Seller shall notify the Buyer about the method of handling the complaint within 14 days following the receipt of the Goods or following the day of the inspection, and in the case of a complaint only related to the quantity, within 14 days from the date of delivery of the complaint form.
6. Orimat reserves the right to refuse to process the complaint if the Buyer uses (e.g. in construction works) the Goods subject to the complaint, before the latter has been handled.

§ 7 Payment and effects of late payment

1. The Buyer shall pay the Seller for the performance of the contract in a timely fashion, as defined in the relevant Order and if no such provision is contained therein, meeting the deadline specified on the VAT invoice.
2. The day when the amount receivable is credited to Orimat's bank account specified in the Order or VAT invoice, is considered to be the day the payment has been executed.
3. In the event of late payment, Orimat is entitled to demand payment of statutory interest.
4. Interests for the delay shall be calculated from the day following the expired due date. In the event of late payment, in addition to the principal amount and interests for the delay, Orimat shall be entitled to claim reimbursement of any legal costs, enforcement costs and legal representation costs.
5. If a delay in the payment of claims to Orimat exceeds 7 days, the company shall be entitled to:
 - a. withdraw from the contract,
 - b. withhold processing of further orders for the Buyer until the arrears are settled, subject to no liability for improper performance of the contract,

- c. submit a demand for payment of the overdue amount with an additional due date specified by Orimat. If the deadline is not met, all Orimat's claims for payment of the price for the Goods sold become immediately due.
6. The powers described in clause 5 may be used by Orimat jointly or separately, at its own discretion.
7. The fact that the Buyer has submitted a complaint does not authorise the Buyer to withhold payment for the Goods or for a part of the Goods.
8. The Buyer shall not be entitled to pay the price by applying any deductions or by using the right of retention, unless the Buyer and Orimat agree for such deduction or retention in writing under pain of nullity.
9. The Buyer may not apply any setoffs, make assignments and sell the receivables that may arise and to which it may be entitled with respect to Orimat, unless the Buyer obtains Orimat's consent in this respect in writing under pain of nullity.

§ 8 Payment security

1. The Seller reserves the right to request from the Buyer - prior to the implementation of the contract - to provide adequate security for payment in the form of an unconditional bank guarantee or an insurance guarantee both payable upon first request.
2. The establishment of such security and the amount thereof depends on Orimat's decision based on consultation with the Buyer, taking into account the Buyer's financial resources and the value of its assets.
3. If the security is not established by the deadline specified by Orimat, or a statement on the refusal to provide the security is issued, Orimat may refuse to process the Order, and refrain from accepting further Orders until the required payment security has been established.

§ 9 Termination of the contract

1. Each party may terminate the contract with one-month notice, effective as of the end of the calendar month following the month when the termination notice was submitted.
2. Orimat may terminate the contract without prior notice in the event that:
 - a) The Buyer is delayed in the payment of any outstanding claims for more than 21 days,
 - b) Any national authority determines the Buyer's insolvency (e.g. through decision on ineffective bailiffs' enforcement),
 - c) Other gross violation, by the Buyer, of the provisions of the Order, the GCC or an additional trade contract concluded between the parties.
3. The Buyer may terminate the Contract, without respecting the notice period, if the Seller changes the provisions of the GCC and the Buyer does not accept these changes.
4. Orimat may withdraw from the contract in the event that:
 - a) the Buyer is subject to a bankruptcy petition or a request for a procedure of reconstruction, regardless of whether such petition or request proves to be justified;
 - b) The Buyer takes actions to close its business or announce the closure of the business;- within three months after relevant information regarding the above has been acquired.
5. The parties may terminate the contract at any time by mutual consent, provided that such agreement is made in writing.

§ 10 Trade secret and protection of personal data

1. All information obtained in connection with the conclusion of a contract and implementation of the GCC is regarded to constitute the parties' trade secret and a failure to comply with the obligation of commercial confidentiality entitles each of the parties to withdraw from the contract and claim compensation for any resulting damage.
2. Orimat, as a party to the GCC, pays special attention to compliance with the highest standards and regulations regarding personal data protection, also applicable to its co-
